Dear Mr. Ruhnke:

Per our telephone conversation on March 24, 1993, the Town of Langford passed a RESolution at their March 25, 1993 meeting requesting that you give them every consideration for their request of $47,600.00 Grant Monies for their Wastewater System Improvements.

However, if the grant is not approved, the Town of Langford would accept a low interest Consolidated Water Facilities Construction Program loan in the amount of $175,000.00 over a 10 year period at 3% interest.

Thank you for your consideration on this matter.

Sincerely:

Raymond Carson, Finance Officer

A special meeting of the Board of Trustees of Langford, SD was held following the PUblic Hearing, with all Board members present.

Jim Anderson of the State Dept. said there was not much chance that we would get any grant money from the State. But they did now have a loan program where we could get a 3% loan for 10 years, 4% loan for 15 years or a 5% loand for 20 years. After discussion by the Board, the following motion was made.

Trustee Dennis Nelson moved, seconded by Trustee Bruce Likness to introduce and adopt the following Resolution: Aye all.

WHEREAS: The Town of Langford has requested a grant from the State of SD in the amount of $47,485.00, and information received to date indicates that we will not be getting the grant, the Board now authorizes the Finance Officer to apply for the 3% 10 year Consolidated Water Facilities Construction Program Loan from the State of SD in the amount of $175,000.00. The request to be sent to David Ruhnke, Division of Water Resources Management in Pierre, SD.
